NEW DISCOVERY.

IMPROVED PATENT CORK PITH HAT.

A New Hat has been brought out by us under the above name, which we strongly recommend to our constituents. The hat can be made in any shape like the Pith Hats. We guarantee the same as very durable water-proof and a great protector from the sun's-rays. The following high opinion will prove the fact.

OPINION.

Lumsden's Horse. Camp, Maidan, Calcutta, 25th February 1900.

"I have much pleasure to say that Messrs. S. C. Roy & Co. have supplied me for the corps with 300 of his "New Patent Cork-pith Hats," within the space of a week, when I was leaving Calcutta for South Africa. The hat is becoming and very useful too—it is rain-proof, durable and smart-looking. The way that my order has been executed gave me entire satisfaction."

CAPE GROWN

FLOWER AND VEGETABLE SEEDS

Possess greater vitality than those raised in either England or Germany, and for this reason have always given the most satisfactory results when grown in the warm climate of India, on account of its similarity with that of the Cape of Good Hope. For this very reason the European vegetable seeds, which are imported by all other dealers in Bombay and Poona, are such complete failures.

The seeds sold by me are all tested before selling, and prices are low. Illustrated Price List will be issued in May and forwarded free on application.
